Dear Area Golfers,

The Fellowship of Christian Athletes serves young men and women of all denominations and cultures in 100 schools in North Florida. FCA exists in Middle School through College, and is open to both athletes and those who are just "influenced" by positive sports role models. We encourage a relationship with God and a lifestyle of loving service to others. FCA is perfectly legal in our schools, and is virtually the only organization of its type found in nearly every school across this area. We serve thousands of area teens, and we very much need and appreciate your support!
